

## **DRAFT WORKING DOCUMENT – 5/12/04**

### **California Environmental Protection Agency Environmental Justice Program DRAFT EJ Action Plan For 2004-2006**

- 1. Provide Guidance on Cal/EPA Precautionary Applications**
  - a. Convene Precautionary Applications Workgroup
  - b. Identify where/how precaution is currently applied in Cal/EPA's environmental programs and recommend other areas for application
  - c. Identify reasonable, cost-effective approaches that could be used to prevent or minimize adverse environmental impacts
  - d. Identify current protocols and practices for risk assessments currently conducted and identify areas for EJ consideration
  - e. Develop guidance for Cal/EPA precautionary applications and recommendations for implementation
  
- 2. Conduct Cumulative Health Impacts Reduction Plan (CHIRP) Pilot Projects and Develop Guidance on Cumulative Impacts Analysis**
  - a. Convene CHIRP Workgroup
  - b. Inventory current cumulative health impacts studies and tools
  - c. Develop a common, objective definition for cumulative impacts to be used by Cal/EPA and criteria for pilot projects
  - d. Identify and assess cross-media coordination projects for EJ cumulative impacts potential
  - e. Select 3 pilot projects (Northern California, Southern California, and Sierra Nevada Region); define scope of pilot projects
  - f. Develop and implement CHIRP for each pilot project
    - (1) Establish baseline, goals and objectives
    - (2) Define cumulative health impacts
    - (3) Develop strategies, actions, implementation mechanism, measures and timeframes
    - (4) Monitor implementation and report progress
  - g. Evaluate CHIRP pilot projects and provide recommendations
    - (1) CHIRP effectiveness in pilot project areas
    - (2) Transferability of strategies to other communities
    - (3) Definitions and procedures for cumulative impacts analysis by Cal/EPA
  - h. Develop Cal/EPA guidance on cumulative impacts analysis; recommend implementation options (e.g., regulation, legislation, etc.)

## **DRAFT WORKING DOCUMENT – 5/12/04**

### **3. Improve Tools for Public Participation, Community Capacity Building, and Communication**

- a. Develop agency-wide public participation guidelines; update annually as necessary
- b. Develop common definitions
- c. Establish agency-wide translation contract
- d. Secure funds and implement Cal/EPA EJ Small Grants Program
- e. Identify opportunities to address EJ in existing Cal/EPA loan and grant programs
- f. Improve Cal/EPA EJ Web page to provide:
  - (1) EJ clearinghouse, with collections of stories from stakeholders on community EJ issues, successes and problems
  - (2) Grants and other funding sources to address EJ
  - (3) Links to information in Spanish and other languages, including health information, environmental pollutant emission/release data, fish advisories, etc.
  - (4) All public education materials currently being translated or could be translated
  - (5) Ensure tools available on EJ Website (e.g., M. Firebaugh Community book regarding parks)

### **4. Integrate EJ Into Other Components of the Environmental Action Plan**

- a. Get gross-polluting vehicles off the road now
  - (1) Strong enforcement to reduce emissions from diesel trucks/buses
  - (2) Expand "scrappage" programs (e.g., expand program to establish priority to most affected communities)
- b. Restore our urban environments
  - (1) Develop an Infill Incentives Package
  - (2) Resolve impediments to complete cleanup of Brownfield sites
- c. Focus on children's health
  - (1) Inventory projects to improve air quality along freeways
  - (2) Direct water/park bond funds to give priorities to projects that reduce childhood asthma
- d. Tough enforcement of existing laws; enforcement settlements to provide direct environmental improvement through supervised projects

### **5. Ensure Meaningful Public Participation in Implementing EJ Action Plan**

- a. Continue meetings and teleconferences with community groups
- b. Participate in EJ Toxics Tours
- c. Provide triennial update to the Legislature on EJ implementation progress
- d. Provide update to and obtain input from EJ stakeholders on key action plan components
